**Draft Programme of Activities for the
Organization – 2016/17**

Background

1. In document WP-Council 269/16 Rev. 1 Members are informed that the recommendations derived from the Strategic Review will be used as the starting point for the development of a new five-year Action Plan.
2. The document on the Strategic Review also states that the ICO may need to adjust its planning cycle to allow time for the approval of the Strategic Review and consider the submission of a short-term plan in the meantime.
3. In light of the above, this document contains the draft Programme of Activities for the Organization for coffee year 2016/17. It has been prepared bearing in mind that coffee year 2016/17 should be regarded as transitional prior to the approval of the new five-year Action Plan in 2017/18.
