Basis for the initial distribution of votes among exporting and importing Members for coffee year 2017/18

1. The Executive Director presents his compliments and wishes to remind Members that, under the provisions of paragraph (6) of Article 12 of the International Coffee Agreement 2007, the distribution of votes is determined by the Council at the beginning of each coffee year.

2. In order to permit the Council to take a decision on the distribution of votes for each category of Member in coffee year 2017/18, it is necessary, in accordance with the provisions of paragraphs (3) and (4) of Article 12, to establish the average volume of exports of coffee to all destinations (exporting Members) and of imports of coffee from all sources (importing Members), over the preceding four calendar years from 2013 to 2016. The attached tables have been prepared based on information received from Members up to 7 September 2017.
