EHL-CD-087/24

Honourable Madam
Vanúsia Maria Carneiro Nogueira
Executive Director
International Coffee Organization
London

Madam Executive Director,

I am pleased to write to you with instructions from my government to put forward before the Council of the International Coffee Organization (ICO) my country, **Honduras**, as the venue for the second Council Session of the Organization in September 2025.

The Government of Honduras has been permanently committed to the National and International Coffee Sector.

Support for coffee farming has been a priority in our policies and plans for development.

As one of the largest producers and exporters of coffee in the world, Honduras will be very honoured to have the presence of the distinguished delegates attending the September 2025 Council meeting.

I would be grateful if you could submit this proposal to the Council.

The Honduran authorities are ready to comply with the commitments and obligations posed by this sort of meeting and to present in due course before the Council the facilities and plans in this regard.

I avail myself of this opportunity to renew to you the assurances of my consideration and appreciation.
