

**List of exporting countries and their  
country codes, ICO Certifying Agents  
and registered ports of export**

1. The Executive Director wishes to remind Members that, pursuant to Article 33 of the International Coffee Agreement (ICA) 2007 and Rule 4(9) of the Rules on Statistics – Certificates of Origin ([ICC-102-9 Rev. 5](#)), the Organization is required to issue a list of ports from which coffee is exported by producing countries, together with the name(s) of the Certifying Agent(s) approved by the Executive Director for the purposes of issuing and administering Certificates of Origin.
2. **Exporting Members are therefore kindly requested to review the information relating to their country provided in Annex I**, which corresponds to the most recent list approved by the International Coffee Council at its 138<sup>th</sup> Session (document [ICC-138-7](#)). For each exporting Member, the list includes the country name (in English alphabetical order) and country code; the name of the Certifying Agent in the original language of the country; and a list of registered ports from which coffee may be shipped.
3. It would be appreciated if Members could **confirm** to the ICO Secretariat whether the list remains accurate and comprehensive, or **submit any additions or amendments by 20 February 2026** in order to ensure that this information is kept up to date. Responses should be sent by email to [stats@ico.org](mailto:stats@ico.org). In the absence of a reply, the Secretariat will assume that the information is correct.
4. The Joint Committee will then be invited to consider any revisions at its next meeting and to make recommendations to the Council.
