## Visão geral da crise do café

### Antecedentes

Neste documento reproduz-se uma apresentação em que o Diretor-Executivo delinea uma visão histórica geral da crise do café (as informações referentes ao último ano podem incluir estimativas, indicadas por um asterisco). A apresentação será feita na reunião da Junta Executiva de 30 e 31 de janeiro de 2003.

### Ação

Solicita-se à Junta Executiva que note o presente documento.

**Total exports by exporting countries**  
Calendar years 1966 to 2002

**Value of exports of all forms of coffee Calendar years 1966 to 2002\***

©

**Value of coffee exports as a percentage of the value of exports of all commodities Calendar years 1965 to 2001**

©

**Addressing the crisis:**

**On the supply side:**

- Coffee quality-improvement programme
- Diversification
- Production monitoring
- Sustainable economy

**On the demand side:**

- Promotion – increasing coffee consumption through market development
- Barriers to trade

©

**Actions to improve coffee quality – ICC Resolution no. 407**

- Exporting Members shall not export coffee that:**
- for Arabica, has in excess of 86 defects per 300g sample (New York green coffee classification/Brazilian method, or equivalent);
  - for Robusta, has in excess of 150 defects per 300g (Vietnam, Indonesia, or equivalent);
  - for both Arabica and Robusta, has a moisture content below 8 percent or in excess of 12.5%, measured using the ISO 6673 method.
