International Coffee Council
106th Session
28 – 31 March 2011
London, United Kingdom

**List of exporting countries and their
country codes, ICO Certifying Agents
and registered ports of export**

Background

1. The entry into force of the International Coffee Agreement 2007 requires that the Organization issues a list of ports from which coffee is exported from exporting countries and the name of the Certifying Agent approved by the Executive Director to issue and deal with all matters related to Certificates of Origin.
2. This document gives, for each exporting Member, the country name (in English alphabetical order) and country code (if this field appears with a shaded background it indicates that the Member has already confirmed the registered ports listed); the name of the Certifying Agent in the original language of the country and a list of registered ports from which coffee may be shipped. Annex I shows the name of each exporting Member in the four official languages of the Organization.
3. Exporting Members, who have not yet done so, are requested to confirm their list of ports and the Certifying Agent as soon as possible so that this information may be kept up-to-date.
